

Vertical Motorcycle License Plate

Act 89, signed into law on November 24, 2013, provides for the availability of a motorcycle license plate designed to be displayed vertically. Vertical motorcycle plates are an option for motorcycle enthusiasts who prefer the positioning of vertical plates over horizontal plates.

The cost for the vertical motorcycle plate is \$20. Applicants may apply by completing Form MV-165, "[Application for a Vertical Motorcycle Registration Plate.](#)"

A horizontal motorcycle license plate may not be displayed vertically.
